MISSION AND SERVICES

Mission - The Department of Family Services provides programs and services that strengthen families and individuals to help them realize their full potential and contribute to their communities in order to enhance their quality of life.

Core Services -

- Information and referral assistance
- Intervention services
- Case management services
- Home and community based services
- Community outreach
- Advocacy

Strategic Focus in FY 2017 -

The agency's top priorities in FY 2017 are:

- Increase the percentage of individuals linked to care through information assistance and referral services
- Increase the percentage of youth enrolled in afterschool programs who demonstrate improvement in academic performance
- Reduce the percentage of at-risk older adults entering long-term care facilities after one year of receiving community-based services
- Increase supportive services to victims of domestic violence and human trafficking
- Develop a comprehensive plan for programs and services for Veterans that reside in Prince George's County

Trend and Analysis -

The agency operates information and assistance programs which provide referral assistance and followup calls pertaining to disability services, aging services, Medicaid Waiver services and services for children, youth and families. These referrals can include information on community based programs such as afterschool and counseling programs, in-home services, home delivered meals for the elderly, government assistance programs, Veterans services and domestic violence services. In addition, the Children, Youth and Families Information Center assists families in navigating various governmental systems through information and referrals and/or face-to-face assistance.

The agency collaborates with a number of public and private non-profits in the County to improve its community outreach efforts. With the addition of the Domestic Violence and Human Trafficking Division and the partnership with the local Department of Veterans Affairs, the agency has witnessed an increase in referrals and page views on the agency's website. These accomplishments ensure that citizens and residents have access to the benefits and services they need.

Strategies to Accomplish Objective -

- Strategy 1.1.1 Improve customer tracking through integration of data into the Maryland Access Point (MAP) database
- Strategy 1.1.2 Strengthen non-traditional partnerships with community-based organizations

GOAL 2 - To provide intervention services for at-risk youth in order to facilitate child and family wellbeing.

Objective 2.1 - Increase the percentage of youth enrolled in afterschool programs who demonstrate improvement in academic performance.

Trend and Analysis -

The agency funds three afterschool programs that are located in TNI neighborhoods throughout the County at eleven different sites. These programs serve more than 450 youth ages 9-17 years and provide afterschool snacks and meals as well as tutorial services, mentoring opportunities, academic and social enrichment activities. These services are age appropriate, culturally competent and engage parents to help with the improvement of their children's academic performance.

The programs operate under the Maryland Out of School Time model, which requires data collection of school attendance, grade improvement in Math and Reading, parent engagement, nutrition activities and meals provided. The programs continuous quality improvement is ensured through the Youth Program Quality Assessment model. The afterschool programs coordinate and collaborate with the schools to monitor student's academic progress and social development. Programs utilize performing arts, Science, Technology, Engineering & Math (STEM) assignments and various cultural activities to enhance student growth and development.

| Objective 3.1 - Reduce the percentage of at-risk older adults entering long-term care facilities after | • |
|--|---|
| completing one year of community-based, in-home support services. | |

Trend and Analysis -

The agency continues to work to reduce the percentage of older adults entering long term care by providing a comprehensive array of programs to assist older adults in remaining in their homes and communities. These programs include Money Follows the Person, home delivered meals, Medicaid/Community Options Waiver, Senior Care and senior assisted living. The Maryland Access Point (MAP) program acts as the single point of access to all programs under the auspices of the Aging and Disabilities Services Division and provides the most streamlined and effective way for citizens and residents to contact the agency on services for seniors and those adults with disabilities. These programs are not only family focused and community based, but provide opportunities for families and individuals to choose the appropriate service level and participate in their own care planning with the assistance of a dedicated case manager.

The agency also partners with the Department of Public Works and Transportation on the implementation of the home delivered meals program to home-bound elderly or disabled residents. In FY 2017, this program and others will continue to provide more than 110,000 home delivered meals to those vulnerable adults who are most in need. In addition, the agency will continue to provide monitoring services of those community based providers who participate in the assisted living subsidy program. (Historical data has been updated.)

Trend and Analysis -

In FY 2015, the agency collaborated with DSS to establish a Domestic Violence, Human Trafficking Division, in response to the escalating incidents and prevalence of domestic violence and human trafficking in the County. The purpose of the division is to assist in the coordination of services and programs for individuals impacted by domestic violence, human trafficking or sexual assault and to develop programs and services to meet the unique needs of the community.

The agency funds and is responsible for monitoring the County's only domestic violence shelter (the Family Crisis Center of Prince George's County) and provides supportive services to survivors and their families such as resource referrals, safety planning, relocation assistance, assistance with navigating the public housing system and offender rehabilitation resource referrals. As overall funding for the Domestic Violence and Human Trafficking Division has increased over the last few years, this has enabled the Division to expand beyond intervention and shelter services. The additional funding will support, assist and expand other areas related to Domestic Violence including prevention and outreach programs focused on survivors, community and employee education, a public awareness campaign, and will also enhance the capacity of the current domestic violence network of providers. These efforts have positively impacted the lives of County residents and visitors.

The Division also seeks additional funding through various State and Federal resources such as the Governor's Office of Crime Control and Prevention and the U.S. Department of Justice. In FY 2017, the Division will play a role in the support and implementation of the County's newly established Family Justice Center as well as supporting the local Human Trafficking Task Force.

FY 2016 KEY ACCOMPLISHMENTS

- Achieved accreditation for the Diabetes Self-Management Program from the American Association of Diabetes Educators. Prince George's County is the first county in Maryland to become accredited, which allows Medicare reimbursement for diabetes education classes and Medical Nutrition Therapy Sessions.
- Facilitated a Domestic Violence Awareness Faith-based Initiative, which included interfaith domestic violence trainings and the development of a Faith-Based Resource Manual that was distributed to over 300 places of worship.
- Opened a Housing Resource Center in July 2015 for survivors of domestic violence and their families. The center provides assistance in accessing critical programs and services to include the development of a safety plan.

- Provided prevention and intervention services to over 2,000 at-risk youth which yielded positive results of which 99% of those involved in the juvenile justice system had no new arrest or contact with the juvenile justice system while enrolled in the program.
- Selected as one of six national communities to pilot the Dementia Friendly America Initiative. This first-of-its-kind national effort was announced at the 2015 White House Conference on Aging.

The agency's expenditures decreased 37.7% from FY 2013 to FY 2015. This decrease was due to the elimination of one-time costs for discretionary grants and contractual services. The FY 2017 approved budget is 45.6% more than the FY 2016 budget due to an additional position and contracts.

The agency's authorized General Fund staffing complement decreased by ten positions from FY 2013 to FY 2016 due to the transfer of the Office of Youth Strategies. The FY 2017 staffing total increases by one position due to the transfer of a position to the Domestic Violence-Human Trafficking Division from DSS.

OFFICE OF THE DIRECTOR - 01

The Office of the Director oversees all programs and coordinates the development of the agency's policies and procedures. Beginning in FY 2016, the new Veteran's Affairs Office is located within this division. This office will assume the lead in the development of a comprehensive plan, promote client advocacy and work to enhance programs and services for veterans.

The Office of the Director also provides oversight to the administration of six boards and commissions, which include the Commission on Aging; Commission for Children, Youth and Families; Commission for Individuals with Disabilities; Commission for Mental Health; Commission for Veterans and the Commission for Women.

Division Summary:

In FY 2017, compensation expenditures increase 14.2% over the FY 2016 budget due to funding three vacant positions; Director, Veteran's Coordinator and Executive Administrative Aide and grant cash match requirements. Fringe benefit expenditures increase 24.4% over the FY 2016 budget based on compensation changes.

Operating expenditures increase 40.4% over the FY 2016 budget to support a contract for the Dementia Friendly Initiative which will raise awareness about dementia and transforming attitudes, supportive options that foster quality of life, supporting caregivers and families touched by the disease, promoting meaningful participation in community life and reaching those who are underserved.

AGING SERVICES - 04

The Aging Services Division (Area Agency on Aging) provides information and assistance through the Maryland Access Point of Prince George's County to seniors, caregivers, and persons with disabilities desiring to plan for current and future needs. Through the Senior Health Insurance Program, consumers are able to receive health insurance counseling. Additional information is provided regarding support for family caregivers including education, respite care, and supplemental services. Case management services are provided to court appointed wards, 65 years of age and older, where the Area Agency on Aging Director has been appointed as public guardian. The home delivered meals program aims to meet the nutritional needs of seniors residing in their own homes and unable to receive meals through the congregate sites due to health conditions. The Aging Services Division provides services to those seniors interested in leaving an institutionalized setting. These services include senior assisted living, respite care, adult day care, and personal care. Telephone Reassurance, another community based program, aims to reduce social isolation to home bound seniors. Likewise, the Retired and Senior Volunteer Program (RSVP) program provides unsubsidized employment enabling seniors to gain work experience. The division's intervention programs include Foster Grandparents, where older volunteers are utilized as resources to work with physically, mentally, emotionally, and physically handicapped children. The Ombudsman program, another intervention service, investigates and seeks resolution of problems which affect the rights, health, safety, care and welfare of residents in long term care settings. Advocacy is provided for those who are disabled to ensure compliance with American with Disabilities Act, Rehabilitation Act and Fair Housing Act.

Division Summary:

In FY 2017, compensation expenditures decrease 4.8% under the FY 2016 budget to reflect actual costs. Fringe benefit expenditures decrease 18.9% under the FY 2016 budget based on compensation changes.

| Operating expenditures decrease 38.8% under the FY 2016 budget primarily to align with historic spending. | |

CHILDREN, YOUTH AND FAMILIES - 05

The Children, Youth, and Families Division provides information and assistance through the Children and Families Information line, which is set up to provide services to those parents who have children identified as having intensive needs. This function can provide referrals to organizations able to provide the most appropriate level of care based on the customer's need and explain how services work. Case management within this division is provided through the Local Access Mechanism program, known as a component of the Children and Families Information line. This program enables families to overcome barriers that prevent them from accessing the appropriate services. Information is provided to assist families with accessing information that empowers them to navigate various systems and enables them to become self-advocates equipped to address their own needs. Home and community-based services in this division include the home visiting program, which aims to reduce infant mortality in Prince George's County by providing prenatal and postnatal support to women with children. Support is given through the provision of transportation to medical appointments, parent education, and providing linkages to food, baby supplies and clothing. Finally, intervention services are rendered through funding formal counseling, afterschool programs and truancy intervention programs. Each of the aforementioned programs support the department-wide goals of increasing the percentage of individuals accessing quality care as a result of information and referral services increasing the focus of intervention services for at-risk youth in order to facilitate child and family well-being.

In FY 2017, operating expenditures remain flat. These expenditures reflect discretionary grants for community service providers.

MENTAL HEALTH AND DISABILITIES - 06

Effective FY 2015, the Mental Health and Disabilities Division transfers to the Health Department. The Mental Health and Disabilities Division provides information and assistance to consumers seeking access to medical, housing, financial, adaptive equipment, personal care, transportation and employment resources. Advocacy is provided for those who are disabled to ensure compliance with American with Disabilities Act, Rehabilitation Act and Fair Housing Act. Community-based services are rendered through the oversight of mental health providers in the public mental health system as well as through the provision of psychogeriatric services provided through assisted living homes and outpatient treatment services. The division also provides funding for support groups for family members and those with mental illness, an American Sign Language therapist utilized to provide counseling, and assistance with purchasing psychotropic medications and linking consumers to medical insurance. Intervention services from this division include crisis intervention for children, adolescents, adults and elderly populations, residential treatment and rehabilitation facilities and jail-based mental health services. Programmatic efforts are tied to the department's priority of focusing intervention services for at-risk youth in order to facilitate child and family well-being as well as providing home-based and community-based services to older adults in order to enable them to improve their well being.

Division Summary:

This division was abolished in FY 2015 to reflect the transfer of the Mental Health Division (grants) to the Health Department. The remaining Disabilities Program (General Fund) transfered to the Aging Services Division.

DOMESTIC VIOLENCE - HUMAN TRAFFICKING - 09

The Domestic Violence-Human Trafficking Division provides increased support for advocacy and outreach for victims of domestic violence and human trafficking. This support includes the administration of an Emergency Fund to support costs related to housing, case management and other needs to reduce risk of danger. This program was created in FY 2015 with a program administrator detailed from the Department of Social Services and a contracted position.

In FY 2017, compensation expenditures increase 307.7% over the FY 2016 budget due to the addition of an Administrative Specialist III position to provide oversight to this division. Fringe benefit expenditures increase 445.3% over the FY 2016 budget based on compensation changes.

Operating expenditures increase 800.3% over the FY 2016 budget due to the implementation of an additional programming in support of community outreach and education efforts to reduce the prevalence of domestic violence, sexual assault and human trafficking.
