

# Police Department

## AGENCY OVERVIEW

### Agency Description

The Prince George’s County Police Department is the primary law enforcement agency in the County. The Chief of Police, appointed by the County Executive and confirmed by the County Council, is the commanding officer of the department. The Chief is responsible for planning, directing, organizing, coordinating, training and staffing all activities of the Department in an effective and efficient manner. Additionally, the Chief is responsible for coordinating relationships between the Department and residents, Prince George’s County government agencies and other local, State and federal law enforcement agencies.

### Facilities

The Prince George’s County Police Department is divided into eight administrative districts. Each district has a station and a substation. The Department also maintains an officer training academy, a K-9 training facility, two warehouses and administrative offices throughout the County.

### Needs Assessment

The Police Department uses projected population data to determine the need for a new police district. A top priority for the Department is to allocate police resources for those areas experiencing growth to allow for an appropriate police presence throughout the County. Additionally, the Department needs an adequate training venue for new recruits and current personnel. Projects

that address these needs are included in the capital program.

### FY 2021 Funding Source

- General Obligation Bonds – 100%

### FY 2021-2026 Program Highlights

- Construction of the Forensic Lab Renovations and the Barlowe Road Renovations will continue throughout FY 2021.
- The improvement and rehabilitation of various Police Stations will continue in FY 2021. Planned renovations in FY 2021 include: replacing ceiling tiles and repainting the lobby at the District V station, remodeling the co-ed locker/bathrooms at the District VI station, expansion of parking and lighting at the District VII station.
- The current phase of the combined Public Safety Training Facility and Headquarters will be completed in FY 2021.
- Construction continues for the National Harbor Public Safety Building.

**Description:** This renovation project will accommodate the Special Operations Division in the District III Police Station.

**Justification:** The Special Operations Division is currently operating in an elementary school building constructed in 1951. The building's electrical system is stressed to support the needs of modern technology equipment and there is insufficient space to house currently assigned personnel and the specialized equipment.

**Highlights:** The Police headquarters is currently located at this station and will be moving to a new location.

**Enabling Legislation:** CB-32-2018

**Description:** This project will involve constructing a new District IV Police facility in close proximity to the National Harbor and Tanger Outlets in Oxon Hill.

**Justification:** This site has been determined to potentially and effectively serve a community that is increasingly transient and reliant on immediate police services. This facility will allow the Prince George's County Police Department to more effectively serve the growing community while continuing to render services throughout District IV.

**Highlights:** This station is planned to be located on Clipper Way and joined with the Oxon Hill Fire Station on a shared public safety complex. This area of Prince George's County stands to benefit from a police station in the heavily travelled corridor.

**Description:** This project consists of a newly constructed police station to upgrade and relocate the existing district station on Brandywine Rd in Clinton. District V serves 167 square miles. The new station will be located along the southern portion of Route 301 corridor and will be approximately 18,000 square feet and contain sufficient space for both police and administrative functions.

**Justification:** The existing District V station was built in 1964 and needs to be upgraded to accommodate the required staffing.

**Highlights:** No significant highlights for this project.

**Description:** This project consists of constructing a new police station to upgrade and relocate the existing station in Beltsville. The new station will be located along the Route 198 corridor, possibly adjacent to the new inter-County Connector. The station will be approximately 18,000 square feet and contain sufficient space for both police and administrative functions.

**Justification:** The existing District VI station is co-located with the library in a former elementary school that was originally built in the 1950's and needs to be upgraded to accommodate the required staffing.

**Highlights:** No significant highlights for this project.

**Description:** This project consists of the consolidation of all forensic labs to include the DNA/Serology Laboratory, the Drug Analysis Laboratory, the Firearms Examination Unit, the Regional Automated Fingerprint Identification System (RAFIS) and the property warehouse.

**Justification:** This new facility will accommodate the continuing growth in forensic analysis that enhances the Police Department's ability to reduce violent crime. Co-locating these units with the Crime Scene Investigation Division will also streamline the analysis of evidence and create efficiencies.

**Highlights:** Project construction continues in FY 2021.

**Description:** This project provides needed improvements and rehabilitation of several Police Department facilities in various locations in the County. This also includes installing new security systems as needed in the various locations.

**Justification:** The existing Police Department facilities need major rehabilitation to bring the buildings up to current codes and American with Disabilities Act standards. These facilities require continuous capital improvements to maintain effective operations.

**Highlights:** Planned renovations in FY 2021 include: replacing ceiling tiles and repainting the lobby at the District V station, remodeling the co-ed locker/bathrooms at the District VI station, expansion of parking and lighting at the District VII station.

**Description:** This project will provide a combined public safety facility that will be used by police personnel in the County. It will serve the training requirements for both County and municipal police departments operating in the jurisdiction.

**Justification:** Instruction for new recruits as well as refresher and new course work for police department veterans are taught in a variety of venues throughout the County. This project will ensure that public safety personnel are well prepared in the post 9/11 environment.

**Highlights:** Although no funding is requested in FY 2021, additional funding in the out years for the next phase of the project will be needed.

**Enabling Legislation:** CB-32-2018
