BUDGETARY FUND BALANCE

Governmental funds report the net effect of assets less liabilities at any given point in time as fund balance. Fund balance is the cumulative results of revenues and expenditures over time. The chart below provides the audited figures for Fiscal Year 2012 and estimates for Fiscal Year 2013 and Fiscal Year 2014. Fiscal Year 2013 estimates are based on unaudited figures. Fiscal Year 2014 represents the approved budget for the General Fund and Other Governmental Funds. For Internal Service and Enterprise Funds, the basis for budgeting differs from the basis of accounting due to the treatment of debt payments, capital outlay, depreciation, and reserve accounts.

Note - Budgeted revenues may include the use of fund balance that causes the total numbers not to add up across.

Note - The definition of ending balance varies depending on the type of fund.

The following definitions of budgetary fund balance are used by Prince George's County:

General Fund - Fund balances include the Charter-mandated Restricted Reserve (5% of budget), the policy-required Committed-Operating Reserve (2%), and unassigned fund balance. Fund balance is projected to decrease by \$5.5 million in FY 2014 primarily due to one-time PAYGO spending for Capital Improvement Program (CIP) projects in Transforming Neighborhoods. Initiative (TNI) areas.

Internal Service Funds - The balance above represents total net assets as shown in the Consolidated Annual Financial Report (CAFR). Fund balance is projected to decrease by \$8.5 million in FY 2014.

Enterprise Funds - The balance shown above represents an ending cash and cash equivalents balance based on reports from the Finance Department. This balance takes into account net operating revenues and expenditures and increases based on bond proceeds, offset by capital expenditures and by funds that must be held in reserve for future obligations. Fund balance is projected to decrease by \$5.3 million in FY 2014 partly due to a decrease in property taxes in Stormwater Management Fund.

Local Watershed Protection & Restoration Fund is a new Enterprise Fund established in FY 2014.

Economic Development Incentive (EDI) Fund is a Special Revenue Fund established in FY 2012

Special Revenue Funds - The balance shown above represents fund balance as shown in the CAFR.
