Budgeted revenues may include the use of fund balance that causes the total numbers not to add up across.

The definition of ending balance varies depending on the type of fund.

The following definitions of budgetary fund balance are used by Prince George's County:

General Fund balances include the Charter-mandated Restricted Reserve (5% of budget), the policy-required Committed-Operating Reserve (2%), and unassigned fund balance.

Internal Service Funds - The balance above represents total net assets as estimated for the Consolidated Annual Financial Report (CAFR).

Enterprise Funds - The balance shown above represents an ending cash and cash equivalents balance based on reports from the Finance Department. This balance takes into account net operating revenues and expenditures and increases based on bond proceeds, offset by capital expenditures and by funds that must be held in reserve for future obligations.

Local Watershed Protection & Restoration Fund is an Enterprise Fund that was established in FY 2014.

Special Revenue Funds - The balance shown above represents fund balance as shown in the CAFR.
