Page Two

When a main line extension is required for water and sewer service, the water and sewer note on a final plat shall read:

Approval of this plat is based upon a reasonable expectation that public water and sewer service will be available when needed and is conditioned on fulfilling all of the Washington Suburban Sanitary Commission project/authorization # _____ (print number) _____ commitments.

The revised Final Plat Approval Application form is enclosed. Contact Michael Bashore at (301) 883-5904 if you have any questions.
