**Data Source:** Prince George's County Fire/EMS, FirstWatch Database, Accessed on 3/19/18

**Notes:** Individuals treated in skilled nursing facilities and those age 75 and older were excluded. The data is by individual treated; some individuals have been treated multiple times and each event is included in the counts.

**Limitations:** Narcan was provided per EMS protocol and the final diagnosis may not be known, so it is not possible to confirm each event as an opioid overdose; those missing age are not included
